

[illegible]

A diagram showing a triangular magnetic field pattern. The triangle is shaded gray and has a large 'N' inside it. The triangle is oriented with its base at the bottom and its apex at the top. The base is a solid line, while the two sides are dashed lines. The triangle is centered within a larger dashed circle. The circle has a horizontal diameter with 'W' at the left end and 'E' at the right end, and a vertical diameter with 'S' at the bottom end. The triangle's apex is at the top of the vertical diameter, and its base is a horizontal line segment below the center of the circle.
