 Separate applications for work on...

- All dimensions are given in millimeters, unless otherwise specified.
- Do not scale drawings.
- All dimensions to be checked on site before construction commences.
- Any discrepancies to be reported to designer to be clarified.
- Contractors to adhere to all local authority's regulations and requirements.
- All work to be done in accordance with the National Building Regulations and Building Act, Act SABS 400-1990.
- The owner and his contractor takes full responsibility for the execution of building work from the plans as approved by the NMBM.

CONSTRUCTION NOTES:

- Contractor to keep a full set of approved drawings on site.
- The contractor is responsible for the correct setting out of the building on site with particular reference to boundaries and building lines and verification of all levels.
- The designer should be notified before any alterations to structural elements are made.
- Errors, discrepancies or omissions are to be reported to the designer immediately for clarification before work is undertaken.
- All drawings must be read in conjunction with engineer's or manufacturer's drawings where applicable.
