NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025

1. Basis of preparation and accounting policies

The basis of preparation and principal accounting policies of the company, are consistent in all material respects with those applied in the previous year, except as otherwise indicated.

Basis of preparation

The financial statements have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act of South Africa. They are presented in South African Rands.

All research and development costs are recognised as an expense unless they form part of the cost of another asset that meets the recognition criteria.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less.

Bank overdrafts are shown separately in current liabilities.

Revenue

Revenue comprises the invoiced value of sales, recorded in the financial Revenue, which excludes Value Added Tax, comprises of the sale of goods, rendering of services and interest received.

Revenue is measured at the fair value of the consideration received or receivable, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when significant risks and rewards of ownership of the goods are transferred to the buyer.

Revenue from the rendering of services is recognised on an accrual basis in accordance with the substance of the agreement.

Interest received is recognised on a time proportion basis, taking account of the principal outstanding and the effective rate over the period to maturity, when it is determined that such income will accrue to the company.

Comparative figures

Where necessary, comparative figures have been reclassified to conform with changes in presentation for the current year.

BLACKHOUND ENTERPRISES (PTY) LTD

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025

Reclassification details:

- (a) nature of reclassification
- (b) amount of each item or class of items reclassified
- (c) reasons for reclassification

Reasons why reclassification was not practicable

2. Significant management judgements in applying the accounting policies

In the process of applying the company's accounting policies management has made the following judgements which have significantly affected the amounts recognised in the financial statements:

examples

- (a) whether financial assets are held-to-maturity investments;
- (b) when substantially all the significant risks and rewards of ownership of financial assets and lease assets are transferred to other entities;
- (c) whether, in substance, particular sales of goods are financing arrangements and therefore do not give rise to revenue

3. Key sources of estimation uncertainty

Determining the carrying amounts of some assets and liabilities requires estimation of the effects of uncertain future events on those assets and liabilities at the end of the reporting period. These estimates require management's most difficult, subjective or complex judgements. As the number of variables and assumptions affecting these uncertainties increases, so judgements become more subjective, and the potential for material adjustments to the carrying amounts of assets and liabilities increases.

Certain assets and liabilities (such as biological assets) are measured at fair value, based on recently observed market prices, at the end of the year. Such fair values may change materially within the next financial year but these changes do not arise from assumptions or management estimates.

BLACKHOUND ENTERPRISES (PTY) LTD

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2025

Examples of the types of disclosures an entity makes are:

- (a) the nature of the assumption or other estimation uncertainty;
- (b) the sensitivity of carrying amounts to the methods, assumptions and estimates underlying their calculation, including the reasons for the sensitivity;
- (c) the expected resolution of an uncertainty and the range of reasonably possible outcomes within the next financial year in respect of the carrying amounts of the assets and liabilities affected; and
- (d) an explanation of changes made to past assumptions concerning those assets and liabilities, if the uncertainty remains unresolved.
