Hi Hannes

Trust you keeping well.

Wanted to take this opportunity to thank you so much for attending our professionals evening last week.

It was really good meeting with you and Dewald and glad that we got a chance to chat.

When I am in P.E again it would be great to come through to your offices and maybe do a brief company presentation and just give you an idea of what we do and it would also be nice to get a better idea of what you guys do.

Chat soon.

Kind Regards,

Victor van den Berg
